Northbrook, Illinois
@scottknapp

Agenda

- Welcome & Introductions
- Factoring to create equivalent expressions
- Simplifying equations
- Converting radicals to exponential form to verify equivalent expressions
- Exploring composite functions to create equivalent expressions
- Webinar Drawing

AP® is a trademark registered by the College Board, which is not affiliated with, and does not endorse, TI products. Policies subject to change. Visit www.collegeboard.org.

Expected Outcomes

- **I CAN** leverage technology to demonstrate equivalent expressions from a graphical, numerical and algebraic perspective.
- **I CAN** encourage students to be more efficient when working with expressions and equations.
